Date:18/03/2016

Sri Prof.S.R.Shankapal, 

I sincerely appreciate and place on record the kind support given to the Department of Higher Education, GoK, for synergising the best practices in all higher education institutions in the state through resource sharing in ICT initiatives and "Gnana Samanvaya".

I am happy to say that this kind of ICT initiative will bring forth reforms in administration, academic, student support and Examination for entire State and it is the first of its kind in India. Hence, ICT initiatives of Higher Education of our State and "Gnana Samanvaya" are considered by MHRD-Gol as "BEST PRACTICES", for which you all are responsible.

You are, therefore, kindly requested to expedite further implementation of ICT initiatives by sharing the software developed by your university with design, source code, and implementation modality etc. and so that these could reach every higher education institution of State. You may also make use of software developed by Higher Education Department, GoK for your institutions with absolutely free of cost. Look forward to your continued support in this regard.

With *regards*

Yours *Sincerely*  

**Prof.S.R.Shankapal,**  
Vice chancellor,  
M.S.Ramaiah University of Applied Sciences, Bangalore.
