Dr. K. Ramachandra, FIE

Director

13 March 2015

Dear Prof. Shankapal,

The National Design and Research Forum and The Institution of Engineers (India), Karnataka State Centre are indeed grateful to you and your team for taking part in the Governor's Visit on 02 March 2015 at IEI-KSC, Bangalore and displaying important products, along with posters and volunteers.

The event was received very well and was successful. The exhibits played an important role in the technical interactions with Shri. E S L Narasimhan, Hon'ble Governor of Andhra Pradesh and Telangana and your contribution to this is highly appreciated.

We look forward to your continued support.

Warm Regards

Dr K Ramachandra

Director,

National Design and Research Forum
