University

Applied Brilliance Makes All The Difference

Admissions Open For 2020-2021

**Faculty of
B.Tech. Programme in
Civil Engineering**

Choice based course certification

- NEBOSH International Diploma in Occupational Health and Safety (IDip)
- Environmental Management Systems Auditor/Lead Auditor Training Course (ISO 14001)
- CEA - Certified Environmental Auditor

B.Tech. in Environmental Engineering & Management

Programme Highlights:

- The program is designed to train young Scientist-Engineers to deal with the complex challenges of the environmental waste characterization, treatment and safe disposal
- Syllabus imparting state-of-art knowledge and practical sessions form the core of Environmental engineering process.
- Highly qualified faculty members with several years of research and Industrial experience.
- Comprehensive program with exposure to all aspects of the environment — air, water, solid and hazardous waste, sustainability and more.
- Highly collaborative interdisciplinary program and foster teamwork
- Active Industry-academia interaction through guest lectures, Industrial training, seminars and symposia
- The program focus to train and educate engineering graduates and mid-career engineers who want to take on more advanced roles and responsibilities

Accomplishments:

- Presenting research papers at various National and International conferences and winning prizes and appreciation
- Shortlisted as Best innovation concept for smart India hackathon (Hardware edition) 2020 by MHRD -IIC
- Eminent programme with state of art teaching aids and continuous investment towards its up-gradation
- Internship for post graduate students at Moscow State University of Civil Engineering (MGSU)
- MoU's with international universities like St. Petersburg University of Architecture and Civil Engineering, Moscow State University of Civil Engineering, University of Illinois at Urbana Champaign
- MoU with Waste to Energy Research Technology (WtERT-Golbal) (Columbia-USA).Center for Study of Science, Technology and policy CSTEP-Bengaluru to provide better research opportunity
- Conducted two International Conferences on Solid Waste Management in collaboration with WtERT-India
- Government institute interaction –CSIR-NEERI
