# Applied Brilliance Makes All The Difference

## Admissions Open For 2020-2021

### Faculty of M.Tech. Programme in Transportation Engineering

Transportation engineering is one of the major branches of civil engineering and it involves planning, design, construction, operation and maintenance of transportation facilities. This field imbibes in each student analytic, problem-solving and management skills suitable for public and private sector professional works. Students are trained on the application of various software's and programming skills for simulation of traffic flow and Intelligent Transportation System (ITS) to address urban transportation issues. Even though there are a large number of institutions in India producing Transportation Engineers, there is a shortage of quality Transportation Engineering graduates.

## M.Tech. in Transportation Engineering

### Programme Highlights:

- Prudent, Well Qualified and dedicated faculty members
- State of the art laboratories for post graduate studies and research in pavement and traffic engineering
- More emphasis on projects from industry to maximized employability in transportation engineering
- Learner centric Outcome based education
- World Class learning facilities and emphasis on applied learning
- Collaborations with leading academic institutions across the globe
- Association with leading professional bodies
- Outstanding industry institute interaction through guest lectures, industrial visits, internships and workshops

### Accomplishments:

- Best paper award to Group projects and dissertations at various National level exhibitions and conferences
- Specialized courses like Applications of Artificial Intelligence in Transportation and Traffic Engineering
- Internship for post graduate students at Moscow State University of Civil Engineering (MGSU)
- MoU's with international universities like St. Petersburg university of architecture and civil Engineering, Moscow State University of Civil Engineering, University of Illinois at Chicago, Michigan Technological University

Inspiring Applied Thinking
