Dear Dr. Gyanendra Misra:

Congratulations! On behalf of the Officers and Directors of the IBCSOMS, I am pleased to inform you that you have successfully passed the October 2016 Certification Examination (s) held in Bangalore, India. With this accomplishment, you have earned the right to use the designation *Fellow of the International Board for the Certification of Specialists in Oral and Maxillofacial Surgery* (FIBCSOMS). Being certified by the IBCSOMS demonstrates your commitment to the specialty, its future development and promise of dedicated service to your patients.

IBCSOMS certification is a privilege and brings with it a certain number of responsibilities. As a Fellow of the IBCSOMS, maintaining your competence as an oral and maxillofacial surgeon is essential and of paramount importance. You will be provided information shortly about a program for Continuous Improvement in Practice to help accomplish this goal. It is also important for you to stay in contact with the IBCSOMS on an annual basis. During our annual registration process, we will ask for payment of an annual fee of US\$100 as well as updated information about your clinical practice. Failure to comply with the IBCSOMS requirements may lead to revocation of your certification.

We are pleased you have chosen to be evaluated and recognized by your peers. There will be a convocation ceremony held in Hong Kong during the 2017 ICOMS Meeting where you will be recognized for your achievement. Preliminary information has been attached to this email regarding the 2017 ICOMS meeting. More information will be provided about the ceremony in future correspondence.

Congratulations on your achievement and we welcome you to our community of certified oral and maxillofacial surgeons. We hope you are proud of your accomplishments and that this credential will help your professional practice.

Sincerely,

Mark E. Wong, DDS
President, IBCSOMS
