

25 Best Educational Websites for All Ages

Salman Khan is one of the most popular heroes of Indian Hindi Cinema. There is an equally popular Salman Khan who provides “a free, world-class education for anyone, anywhere” through his website Khan Academy. Khan Academy reaches about 10,000,000 students per month and has delivered over 300,000,000 lessons. The website features thousands of educational resources, including a personalized learning dashboard, over 100,000 exercise problems, and over 5,000 micro lectures via video tutorials stored on YouTube teaching mathematics, history, healthcare, medicine, finance, physics, general chemistry, biology, astronomy, economics, cosmology, organic chemistry, American civics, art history, macroeconomics, microeconomics, and computer science.

Salman Khan, was born and raised in New Orleans, Louisiana, United States to a father from Barisal, Bangladesh and mother from Calcutta, India. He has three degrees from MIT: BS in mathematics, a BS in electrical engineering and computer science, and an MS in electrical engineering and computer science and he pursued an MBA from Harvard Business School. Salman Khan, is one of five individuals who recently won the prestigious 2014 Heinz Award. His award was in the area of "Human Condition."

If you are at the pre university level, I strongly recommend you to visit this site on daily basis for learning your subjects.

After attending the classes in your School or college, using this website for your learning and understanding will be extremely useful.

Happy learning with <https://www.khanacademy.org/>

The following 25 sites will definitely bring in revolution in learning. Depending on your interest and profession, I recommend you to choose the sites for your learning. With the exception of BrainPOP and Cosmeo, all listed sites offer their extensive video libraries for free and without registration. We must thank <http://www.refseek.com/> for compiling these best sites

Happy learning!
