

Keep it Simple

Dear Students,

I advise you to adhere to the following three main guidelines to become graduates and enter into professional life for a successful career

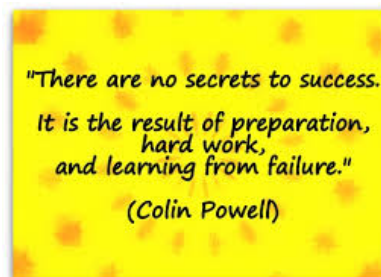

I. Transferable Skill Guidelines

1. Learn to greet friends and people
2. Learn etiquettes
3. Learn to choose and dress to the occasions
4. Develop effective oral communication skills
5. Develop effective written communication skills
6. Make and Meet friends
7. Meet people and visit places
8. Be disciplined, punctual, honest and committed
9. Use ICT technology for being well informed
10. Participate in sports and cultural activities
11. Learn to work with teams
12. Be open to ideas and suggestions

II. Professional and Cognitive Abilities

1. Master your knowledge and understanding of your subject area
2. Master the cognitive skills like critical, analytical and problem solving skills
3. Master your practical skills

III. Managerial and Leadership skills to be an Independent Thinker

This note looks too simple but its embodiment of many of my blogs.

I welcome you to express your views to: feedback.blogs@msruas.ac.in
