

SMART INDIA HACKATHON 2024

The Smart India Hackathon (SIH) is a nationwide initiative that challenges students to solve real-world problems through innovation and practical solutions. Aimed at fostering a culture of creativity and critical thinking, SIH bridges the gap between academic learning and real-world application. Since its inception, SIH has successfully promoted out-of-the-box thinking among engineering students across India, encouraging collaboration with industry experts, government agencies, and other stakeholders.

For more details visit www.sih.gov.in

Why to participate in SIH?

- Each winning team will get **Rs.1,00,000/- per problem statement.**
- To harness the creativity and expertise of students.
- Providing spark to institute-level hackathons.
- To support the massive Startup India campaign.
- Crowdsource solutions improve governance and raise the quality of life of the citizens.
- To provide an opportunity to get innovative solutions to India's daunting problems.
