M.S. Ramaiah University of Applied Sciences

1. Preamble

Ramaiah University of Applied Sciences (RUAS) is established as a private University established by "M. S. Ramaiah University of Applied Sciences Act, 2012" of Government of Karnataka. The University's operations commenced from 30th December 2013 following the issue of Notification No. ED 103 UNE 2013. The University was formally inaugurated on 18th March 2014.

RUAS is sponsored by Gokula Education Foundation (Medical), a Public Charitable Trust of Ramaiah family. RUAS is a Comprehensive University and Unitary in nature. At the time of formation of the University, the Sponsoring Body, by a Resolution integrated the existing institutions, viz., namely M.S. Ramaiah Dental College (1991), M.S. Ramaiah College of Pharmacy (1992), M.S. Ramaiah College of Hotel Management (1993), M.S. Ramaiah School of Advanced Studies (1999), and M.S. Ramaiah Advanced Learning Centre (2012) as Faculties of the new University.

Ramaiah University of Applied Sciences has broadly organized its activities under the following divisions – Academics, Research, Training and Lifelong Learning and Techno Centre. Academic Operations of the University commenced with effect from academic year 2014–15.

At present the University has 8 Faculties comprising 36 Academic Departments and offering Academic Doctoral level programmes, 72 Undergraduate and Postgraduate Programmes. The University has also established separate Directorates for imparting Training, Skill Development and Lifelong Learning programmes, Industrial Research & Consultancy for Industry, Government and other Public and Private Institutions through its Techno Centre and International Collaborations and Partnership Management programme (ICPM) and Directorate for Student Affairs.

The University has created Cells: RUAS Innovation Centre, Quality Assurance Cell, Pedagogy and Digital learning Initiatives Cell, Faculty and Academic Leadership Development Cell, Technology Business Incubation and Entrepreneurship Development Cell and Social Media Cell.

University Model

The following diagram depicts the University Model

Envisaged Outcomes of the University

University Philosophy

Education with Devotion (Bhakthi) is a process of Perfection for larger good

The University's philosophy is depicted through a picture which has two Swans, a Book and a Lamp as graphic elements with the words "Jnanam Vignyanam Cha Bhakthisahitham" written underneath. The Sanskrit word for Swan is hamsa or hansa, and is the vehicle of Goddess Saraswati, the Goddess of Wisdom. The Swan symbolizes purity par excellence and fidelity. The two Swans represent symbol of life, fertility and beauty. The Book represents the Knowledge and the Lamp with the rays represents devotion and fulfilment. The picture as a whole represents the philosophy of the University to generate and disseminate knowledge for the larger good of the society we live in.

Chancellor's Message

It gives me great pleasure to note that the University has completed five academic years and entered the sixth year. The University was launched with the intention of embracing global educational practices into our existing higher education system to bring it on par with higher education system in vogue in developed countries. Initially, I was rather skeptical about the acceptance of the system of education that had been designed by our faculty members who had gained several years of experience in imparting education using the practices adopted in developed countries particularly in Europe. I would like to convey my thanks to our students and their parents for wholeheartedly embracing the new system. At the end of the each academic year I have witnessed the positive energy amongst the students, parents and staff and, on enquiry, students have expressed their opinion that although the system demands enormous efforts the learning experience made it worthwhile.

In India, IITs are known for engineering and technology education, IIMs are known for management education, NIPER is known for pharmacy education, AIIMS is known for medical education and NID is known for design education. It is my dream that we at Ramaiah University of Applied Sciences should replicate the combined characteristics of all these institutes and achieve the same status of excellence in its field. I am confident that this challenge will be accepted and fulfilled by the members of faculty of the University and its administrators. Collectively, we are aiming to develop a great institution that our nation can feel proud of while serving future generations, focusing on developing global citizens.

I wish great success to all the members of the University in their endeavor to achieve excellence in higher education.

Dr. M. R. Jayaram Chancellor

Vice Chancellor's Message

With a sense of great satisfaction, I am pleased to report that the University had an eventful past year. The year of recent past has been of paramount significance because of the undertaken new initiatives as well as the noteworthy and cherished outcomes. The University has just completed its fifth academic year. In tune with the envisaged comprehensive nature of the University, the year witnessed the commencement of a number of Undergraduate programmes which included: B.Com, BBA, B.Sc. (Hons) in Basic Sciences, B.Sc. (Hons) in Biotechnology, B.Sc. (Hons) in Food Processing Technology. In addition, the University also launched the B.Sc. (Hons) in Medical Radiology and Imaging Technology, Dialysis Therapy Technology and Operation Theater Technology. The Convocation held in January 2019 was also a landmark in that the First Batch of Undergraduates students in B.Tech, B.Des, B.Pharm, and B.H.M programmes having been conferred the degrees. 258 Undergraduate students and 334 Postgraduate students were awarded the degree in the Convocation.

The University has made significant strides in its incubation initiatives with the establishment of the Ramaiah-GoK Technology Business Incubator funded by the Department of IT, BT and ST of the Government of Karnataka catering to the niche domains of Internet of Things (IoT), Electronic System Design and Robotic Engineering. The Institutional Innovation Cell, initiated by Ministry of Human Resources Development (MHRD), has been established in the RUAS Innovation Centre. In addition to DRDO and DST, the University has been successful in securing the sponsored research grants from Board of Research in Nuclear Sciences (BRNS), ICMR and VGST also. RUAS has become the Nodal Technology Centre for Base Repair Depots of Indian Air Force. More than 300 scholars are pursuing their doctoral research. During the past year that elapsed, the University also launched initiatives to commence the M.Phil. and M.S. (By Research) Programmes. The faculty members and the students of RUAS have published 308 research papers in Journals and Conferences. The University has also been granted a European Patent on AdHoc Network. During this year, 21 Indian patent applications have also been filed.

The University organized a number of Workshops/Seminars/Conventions/Conferences encompassing the topics of 21st Century Challenges in Higher Education, Current Trends in Mathematical and Physical Sciences, Smart Food Culinary Challenge, Environment Protection through Sustainable Waste Management, Electric Propulsion,

Photonics, Signal Processing and Communication Technologies, and Multidisciplinary Design, Analysis and Optimisation. The University also hosted the Prestigious Infosys Prize Lecture entitled "Customized Optimization for Practical Problem Solving" delivered by Prof. Kalyanmoy Deb, Koenig Endowed Chair Professor, Department of Electrical and Computer Engineering, Michigan State University, USA.

The University continues to encourage the initiative of International student exchange. Students of the University visited the St. Petersburg Polytechnic University and St. Petersburg State University of Architecture and Civil Engineering, Russia. The students of RUAS have continued to excel in various extracurricular activities by emerging victorious in Debate Club, Technological Debate, Delegation Competition, Inter-Collegiate Fests, Design and Innovation Clinic Competition.

Constantly reminded by the sayings "Attitude Determines the Altitude" and "Fortune Favours the Prepared Mind", the Future can be viewed either as an Enigma or an Energizer depending upon one's outlook. With its continued strong emphasis on Outcome based Student Centric education coupled with a focus on conceptual grasp, analytical thinking and critical appraisal embedded in its curricula, RUAS strives to transform its students to become Global citizens of enviable success and impeccable integrity through a journey of "Igniting the Minds" to instill in them a sense of purpose, confidence, discipline and devotion.

In accordance with the requirements of the M.S. Ramaiah University of Applied Sciences Act, 2012 the University has set up a Fee Regulation Committee for determining the fees payable by Karnataka students for whom seats are reserved by the University. The Committee comprises the following members:

- 1. Justice (Retd.) S. R. Venkatesh Murthy
- 2. CA Jairam E.S.
- 3. Principal Secretary, Higher Education Department, Govt. of Karnataka
- 4. Principal Secretary, Medical Education, Govt. of Karnataka
- 5. Dr. Govind R Kadambi, Acting Vice Chancellor, RUAS
- 6. Dr. Pushpanjali K, Academic Registrar, RUAS
- 7. Mr. N.C. Shekar, Registrar & CFO, RUAS

Organization Chart

The chart below depicts the different Statutory Governing Bodies of the University as also the management and reporting hierarchy.

University Events

First International Conference on Photonics, Signal Processing and Communication Technologies (ICPSPCT) – July 18-20, 2018

The 1st Annual UG Group Project exhibition was held on 11th May 2018. More than 100 Projects were exhibited during the exhibition.

2nd National Conference on Multidisciplinary Design, Analysis and Optimisation (NCMDAO) March 21-23, 2019

Academics

The Academic division of the University is responsible for offering Undergraduate, Postgraduate and Doctoral Programmes of the University and awarding corresponding degrees to the students.

Faculties of the University

There are 8 Faculties offering various UG, PG and Doctoral Programmes

Sl. No	Faculty	Faculty Dean / Associate Dean
1.	Faculty of Engineering and Technology (FET)	Dr. Arulanantham
2.	Faculty of Art and Design (FAD)	Mr. H. S. Lohit

- The committee assesses the quality index of all Faculties, Departments, Programmes, Courses offered considering teaching, learning, student experience, brand value and value for money.
- 2. The committee obtains feedback from Students, Academic Faculty and Non-Academic Faculty, Parents of the Students, Alumni and Employers of the Students at the end of each academic year. The feedback data is entered into a quality index computing software for the determination of quality index.
- 3. The committee members are Head QCs of all Faculties and Chief QC is the chair of the committee, one of the Head QCs will act as secretary of the committee on a rotation basis. Other members of the committee are nominated by the respective Deans from each department or Faculty on an annual basis.
- 4. The committee submits the report to University Performance Review Committee for action.

Proctoral System

The University has implemented the Proctoral System to guide the students periodically on registration for credits, their studies, review of attendance and performance, reporting the attendance and performance to the parents. The University ensures that there is at least one Proctor for every 20 Undergraduate students.

The Consolidated Proctoral System faculty wise is shown in **Annexure 2**

UG and PG Programmes Offered

User - oriented Postgraduate Courses (UoPC)

The Board of Management, after obtaining the consent of the Board of Governors, is empowered to formulate and offer exclusive courses through the University's Faculties to cater to the specific needs of Industry, Businesses and Corporations.

The candidates sponsored by such businesses/corporations shall meet the eligibility requirements for the M.Tech. in Engineering and Technology Management Programme. These students will also follow the University's Academic Regulations, with such exceptions as may be approved by the Academic council, for the Postgraduate Programme leading to M. Tech. Degree. So far 21 students have pursed their PG courses under this initiative.

Teaching and Learning Material

Each and every student of the University will have the privilege to access the teaching material available in PowerPoint form from the University I-Portal. The students can also access E-Books, E-Journals through I-Portal.

Staff Student Consultative Committees (SSCM)

The University places great emphasis on continued up gradation of its Teaching and Learning resources, infrastructure, quality of curriculum delivery and the overall student living experience on its campus. With this in view, a Staff-Student Consultative Committee has been established which in turn has constituted sub committees for every course offered by the different Faculty. The committee comprises the Dean, Academic Registrar (Faculty), Administrative Registrar (Faculty), HODs, Class Representatives and other member(s) invited by the Dean. Committee meetings are scheduled during the middle of each semester. During the committee meetings the following issues are discussed and suitable action plans are initiated:

- a, Student Academic issues
 - I. Curriculum
 - II. Course Delivery
 - III. Test and Assignment and their Assessment
 - b. Student Teaching and Learning Support
 - I. Programme Operations
 - II. Test and Assignment and their Assessment
 - III. Library
 - IV. ICT
 - V. Laboratories & Workshops
 - c. Student Amenities
 - I. Hostel & Cafeteria
 - II. Sports & Recreation
 - d. Any other matter with the permission of the Chair

A sample of the Minutes of Meeting is attached in **Annexure 3**

Student Feedback System

The Quality Assurance Cell collects student feedback forms from Undergraduate students twice in a semester and from postgraduate students for every Module and perform Feedback

Analysis for initiating remedial actions.

UG & PG Programme

Format of the feedback form

The format for collecting feedback from students is as shown in Annexure 4

Feedback frequency

- UG Programmes (Semester scheme): Twice in a semester.
- PG Programmes (Module scheme): At the end of each Module.

Feedback Analysis Report sample

The Feedbacks collected from the students are further analyzed and a sample is attached as **Annexure 5**

Overall summary of Feedback

Overall summary of the feedbacks for the year 2017-18 is attached as Annexure 6

Action on student feedback

- 1. Faculty members who have scores below average are apprised by the respective deans and are advised to improve their academic delivery.
- 2. Faculty members are shown the student Feedback forms so that they can analyze and develop methods to improve their academic delivery.
- 3. The University consider student feedback scores for the annual appraisal of the faculty members.

Subject Assessment Board (SAB)

The Subject Assessment Board is responsible for reviewing the standard of assessment and its comparability across subjects. The SAB is scheduled to meet at the end of each semester to review the assessed work for each subject. The Board objectively examines the subject delivery, examination and evaluation processes to ensure academic standards based on data compiled for the semester are met. The Subject Assessment Board is tasked with confirming the subject or module marks after completing its review. Once the marks have been confirmed by SAB the marks cannot be subsequently altered by any other board, unless an error in transcription or an omission is discovered. SAB meetings are chaired by the Dean of the concerned Faculty. The Heads of Departments, Internal and External Examiners and an Observer nominated by the Vice Chancellor are the other members of SAB. SABs have been constituted by the University for the academic year 2018-19.

Programme Assessment Board (PAB)

The Programme Assessment Board is responsible to take decisions on progression and awards for all students registered for the named award for which the Board is responsible. In reaching a decision on progression or an award, the Board must consider the overall performance of the student. The overall performance of the student is made up of the subject marks which have been confirmed by the Subject Assessment Board. PAB meetings are chaired by the Dean of the concerned Faculty. The Heads of Departments, Internal and External Examiners and an observer nominated by the Vice Chancellor are the other members of PAB. Programme Assessment Boards have been constituted for academic year 2018-19.

Student Performance

Overall Student Performance UG and PG that were discussed in PAB for the year 2018-19 is as shown in **Annexure 7**

5. Research

RUAS has a strong focus on Applied Research. The research programmes could originate from industry, research establishments or business organizations.

Doctoral Programmes

Research Scholars can opt for the Doctoral Programme leading to the Ph.D. degree either through the full time or part time route. Doctoral Programmes are offered by the:

Faculty of Engineering and Technology
Faculty of Art and Design
Faculty of Management and Commerce
Faculty of Mathematical and Physical Sciences
Faculty of Life and Allied Health Sciences
Faculty of Dental Sciences
Faculty of Pharmacy
Faculty of Hospitality Management & Catering Technology

The aims of Doctoral Research Programme are

- 1. To produce researchers who can advance theory and practice in Science, Engineering, Health, Humanities, Hotel Management and Business, and enhance the contribution to Society
- 2. To encourage creativity, analytical thinking, critical analysis, and innovative problem-solving
- 3. To develop within each candidate the expertise and skills necessary to be an effective educator and faculty member
- 4. To produce graduates with advanced capabilities in leadership and managing change

Research Centers

- 1. Automotive Technologies Research Centre
- 2. Centre for Aeronautical and Micro Air Vehicles Research
- 3. Energy and Power Systems Research Centre
- 4. Sanitation, Waste Management and Environmental Engineering Research Centre
- 5. Centre for Machine Learning and Computational Intelligence
- 6. Centre for Control Systems and Robotics Research
- 7. Centre for Biomedical Systems and 3D Printing Research
- 8. Centre for Signal Processing and Communication System Research
- 9. Structural Design and Analysis Centre
- 10. Composite Materials and Technologies Research Centre
- 11. Research Centre for Contemporary Tools and Techniques in Industrial Design
- 12. Innovation and Entrepreneurship Development Research Centre
- 13. Photonics Research Centre

- 14. Centre for Batteries and Biofuel Research
- 15. Software Engineering and Big Data Modelling Research Centre
- 16. Nutraceutical and Nutrition Research Centre
- 17. Oral Cancer Research Centre
- 18. Biomaterials Research Centre
- 19. Dental and Maxillofacial Modelling and Simulation Centre
- 20. Drug Design and Development Centre
- 21. Pharmacological Modelling and Simulation Centre

Research Themes

The University will be admitting Doctoral Research Scholars for the following approved research themes:

Energy and Environment; Biomaterials, Tissue Engineering and Implants; Robotics and Automation; Signal and Image Processing; Control Engineering; Materials Engineering; Biomedical Engineering and Biomechanics; Engineering Design and Rural Products Design; Fluid Dynamics and Aerodynamics; Automotive Technologies; Micro Air Vehicles; Manufacturing Technologies; Optoelectronics; Human Computer Interactions; Electric Motors, Drives and Electromagnetics; Sensors and Micro Electro Mechanical System; Microelectronics and CMOS Technology; Graphene and Carbon Nanotechnology; Graphics and Visualization; Software Engineering and ICT Networks and Distributed Systems; Plasma and Lasers; Construction Engineering and Management; Life Sciences And Biotechnology; Cardiology; Special Care Dentistry; Oral Rehabilitation; Oral Immunology and Microbiology; Controlled Drug Delivery; Targeted Drug Delivery; Non – Invasive Drug Delivery; Polymer Science; Extraction, Isolation and Standardization Of PhytoConstituents; Discovery And Optimization Of Active Lead Molecules; Active Pharmaceutical Ingredient(API); Pharmacological Screening and Toxic Studies.

Research Scholars and Broad Areas of Research

The Details of research scholars and their broad areas of research is as shown in **Annexure 8**

Sponsored Research

The University has actively worked with National and International organizations in government, public and private sectors to carryout research and generate knowledge for the benefit of the Society. Research Organizations like ISRO, DRDO, DST, DBT and Central Ministries like Power, New and Renewable Energy, Environment and Forest, Human Resources, Agriculture, IT and Electronics and Industries have provided finance and research grants for advanced research in the past. So far the University faculties has undertaken more than 90 funded research projects and have filed more than 50 patents.

Internships and Placements

There is a dedicated placement cell which takes care of Placements. The University is committed to find internships and employments to its students in the organizations with opportunities for growth.

The activities of the Placement Cell are:

- Creation of database of companies who recruit fresh graduates
- Matching student qualification with the company requirements
- Creation of Student CVs
- Creation of Student Placement Brochures
- Organizing Leadership programmes for students
- Forwarding CVs to Companies
- Liaison

- Organizing Interview for students
- · Placements of Students
- Maintain student placement records

Detailed information of placement mentioned in **Annexure -10**

Service to Society Program

The staff and students of RUAS undertook the mandatory service to society program on October 27th, 2018. 28 teams participated in the program. Each team consisted of about 35 students and 3 staff members. The students belonged to 2nd year UG courses. The teams conducted the activities in orphanages, old age homes, government schools etc.

- Teams from FDS conducted oral health screening for school children. One team conducted the camp in Government Primary School, Hosahalli and the other in Government School, Horamavu.
- Teams from FPH went to Kaiwara, a small town near Bangalore and organized health camp, street play to educate people about socio economic status and health, donated stationary items to school children, clothes and other essential items to needy people.

This was followed by Vote of Thanks by Mr. Dhrubjyoti Mukherjee, Asst. Professor FPH.

8. Directorate of Training and Lifelong Learning

The Directorate of Training and Lifelong Learning is responsible for running Training, Skill Development and Lifelong Learning programmes. The Directorate offers these programmes to aspiring candidates and practicing professionals from industry, businesses and academia. The Directorate facilitates the delivery of Training and Lifelong Learning courses through the Faculties of the University and or using its own staff and subject experts/consultants.

Programmes Offered by the Directorate

- 1. Bachelor of Vocational Degree (B. Voc.)
- 2. Postgraduate Certificate in Professional Practice (PGCPP)
- 3. Advanced Certificate Programme (ACP)
- 4. Modular Training Programme (MTP)
- 5. Corporate Training Programme (CTP)
- 6. 6. Proficiency Courses
- 7. Seminars
- 8. Workshops
- 9. Advanced Skill Training Programme (ASTP)
- 10. User Oriented Postgraduate Courses (UOPC)

- The proposal on joint B.Voc degree with Buhler and Bosch Limited is under discussion. Buhler India has proposed the B.Voc in Post-Harvest Technology for their trainee engineers. The course curriculum for whole programme is ready and programme is planned to launch in month of May 2019.
- Joint B.Voc in Mechatronics with Bosch Limited is planned to launch in month of August 2019. The Bosch has assured to sponsor the engineers for this programme. The selection and course delivery plan is under discussion.
- The Customized PG Degree is under discussion with clients like Tata Communication Limited, Bosch Automotive Electronics Limited, General Motors and Continental Automotive Components (India) Pvt. Ltd.
- The companies like Continental Automotive, Danlaw Inc, Lam Research, Bosch Limited, General Motors and few other companies have shown interest to sponsor their engineers for our Part time M.Tech, MBA and M.Des programmes.

9. Techno Centre

Consultancy, Product Design and Development and Business Incubation activities are managed by the Techno Centre headed by a Director. Directorate can leverage the fundamental and applied knowledge and problem solving abilities available within the Faculties and can access the teaching, training and research resources and skills for its projects. Industry, businesses and many research and development organizations who may want to solve complex problems, are interested in developing a new product concept, in the product development and commercialization of products or would like to invest in new technology development to replace existing one, obsolete technologies can access the ecosystem that exists in the campus to solve their requirements. Students and entrepreneurs alike are also provided access to the University's for this purpose. The Techno Centre aims to bring together the University, Industry, Business Organizations and enthusiastic youngsters for their mutual benefit.

Activities of the Techno Centre are:

- Provides solutions to Engineering and Health Sciences related requirements from Industry
- Design and Develop Products of relevance in Engineering and Health Sciences for commercialization
- Provides Testing and Validation services to Industry
- Undertakes Commercialization of Technology Products
- Incubates Technology based Businesses
- Supports Technology based Businesses
- Supports Industrial Cluster Development

10. Directorate of Transferable Skills and Leadership Development

In a constantly changing environment, it is essential to develop life skills to meet the challenges that one come across at workplace, home and while interacting with friends and general public on day to day basis. It is not sufficient that one is good at his/her technical domain but must be equally good at life skills for leading a successful career as well as life. Taking cognizance of this fact, M.S. Ramaiah University of Applied Sciences has created a separate Directorate to develop life skills in students as well as members of staff.

Enhancement of the transactional, transformational and transcendental leadership skills in the university stake holders to align with the University's Mission to serve the technical, scientific and economic needs of our society. DTSLD undertakes the following activities:

Holistic Development of Students through

- · Academic Curriculum
- Communication Skills
- Language Skills
- Personality Development
- · Social Sciences and Ethics
- Culture and Human Behavior
- · Human Rights and Law

Extra-Curricular Activities....

- Debate
- Quiz
- Literary Club
- Theater
- Mock Court

Professional Development of Individuals through.....

- Training, workshops, mentoring and coaching sessions on:
- Secretarial Practice
- Brand Ambassadorship
- Shop floor Leadership
- Negotiation
- Professionalism at Work
- Project Management
- Initiatives
- Shift in class-room teaching style, from being a teacher-centric to participant-centric style
- Workshops for enhanced effectiveness of internal stake-holders
- Training and development using 'Theater' as a tool
- Mentoring and Coaching students for prestigious competitions (Conventional Debate, British Parliamentary Debate, Model United Nations (MUN), Theater, Essay Writing)
- Innovations in Classroom Delivery

- · Priority is for experiential learning
- Imparting knowledge / skill is through activities
- A repertoire of activities is created for each intended learning outcome
- Activities consist of games, exercises, case studies, role plays, group work, group task, debates, quizzes and video clips
- A brief theory session to summarize and reinforce the experiential outcome
- Innovations in Directorate Functioning
- · Agile Approach:
- Agility in development and delivery
- Welcome changing requirements
- Work closely with the customer
- · Customer delight
- Continuous focus on quality and excellence
- · Self-directed and self-organized team
- Initiating activities around motivated individuals
- · Rapid learning and continuous improvement
- Reflection at regular intervals

12. International Collaborations and Partnership Management The objectives of the Directorate are:

- Develop Collaborations with International Universities
- Facilitate Semester Aboard, 3+1+1, Study Abroad, Study in India programmes for students
- Facilitate contact between University Researchers with Researchers of foreign Universities
- Facilitate Faculty Exchange and Short time visit of faculties to other Foreign Universities

Academic and Research Collaboration

At Ramaiah University of Applied Sciences we strongly value the exchange of information in all areas of academics, research and technological developments on an ongoing basis. The exchange programmes cover students, faculty members and research scholars alike. The University is constantly endeavoring to identify institutions both in India and abroad to cement partnerships and collaborations for meaningful relationships that will generate mutual benefit. The benefits accruing to either/both partner(s) include academic opportunities at each other's campuses, faculty exchange between institutions and research partnerships including joint research projects and exchange of Faculty and research scholars on specific research initiatives.

RUAS has entered into relationships with the following reputed institutions/organizations:

International Collaborations

- Coventry University, UK: Student Exchange, Joint Programmes-PG/PhD
- · University of Bedfordshire, UK: Student Exchange MBA

Student Mobility / Exchange

Students pursuing undergraduate, postgraduate and PhD programme at RUAS can spend few weeks in a foreign university to get additional educational, cultural, social and environmental exposure in addition to the existing experience in RUAS. This helps students to understand their likely future work environment and also gives an idea on higher education, if they would like to pursue abroad. PhD students can choose a professor of choice/university/laboratory to complete a part of his/her work.

Students can do this programme in any of the universities with which RUAS has an understanding. RUAS has signed MoUs with universities in the UK, USA, Africa and Russia. The list of universities is available with the directorate. The students can also go to any other University if they have developed links on their own.

Students can also pursue their study abroad programme in an industry or research laboratory located abroad. The university facilitates students with the necessary documents for travel and helps them get accommodation. The University may suggest to the partnered overseas universities regarding what experience should be given to the students of RUAS.

As the return visit under the same programme the students from overseas universities also visit RUAS to get a glimpse of the Teaching & Learning methods, Laboratories and workshops at RUAS and learn about the present day technologies and skills in India. They also get a glimpse of ancient Indian monuments and architecture.

The Student mobility programme between RUAS and Russian Universities for the year 2018-19 is as below:

Sl.No.	Country	University (From)	University (To)	Faculty	Purpose	No of Students	Duration

1. International Internship of RUAS M.Tech. Mechanical and Manufacturing Engineering students at Peter the Great St. Petersburg Polytechnic University

RUAS Second year M. Tech students of FET, Department of Mechanical & Manufacturing Engineering, went to St. Petersburg, Russia, to undergo their International Students Internship in Peter the Great St. Petersburg Polytechnic University from October 09, 2017 until October 22, 2017. Internship Program has included classes on subjects in the area of mechanical engineering and entrepreneurship, as well as the visits to the companies where students got to observe firsthand the production processes. For instance, there was a visit organized to Power Machines, which is one of the top 10 global leaders in power-plant industry. The company has projects implemented in India which are studied as case studies at FET, RUAS. Students got the chance to see full production cycle of power machines (like rotor etc) which served as a unique experience to learn not only about current projects, but also about latest innovations in the field of Turbomachinery.

2. International Internship of RUAS B.Tech Civil Engineering students at St. Petersburg State University of Architecture and Civil Engineering, Russia

Group of RUAS B.Tech Students of Department of Civil Engineering went to Russia for their International Internship "Aspects of Modern Civil Engineering" at St. Petersburg State University of Architecture and Civil Engineering (SPSUACE) from August 09 to 25, 2018. Internship Program has included tours of SPSUACE Facilities and Labs, presentations and meetings with the Faculties. Construction site visits, visits to construction materials manufacturing units and facilities have been arranged as well to see the latest development of the technology in the field of Civil Engineering. Architecture monuments and monuments of civil engineering significance were explored as part of the historical review in the Program. RUAS students have observed the unique structures of draw-bridges in St. Petersburg which give way to navigation of big ships at night, and Dam, which protects the city from flooding, and they learned about an advanced waste water purification system implemented in the city. RUAS Students have successfully completed their program and received the Certificates from SPSUACE.

3. International Internship of RUAS M.Tech. Students (FET, CED) at Moscow State University of Civil Engineering, Russia, November 2018

RUAS Second year M.Tech. Students of FET, Department of Civil Engineering, went to Moscow, Russia, to undergo their International internship, "Build Your Future", at Moscow State University of Civil Engineering (MGSU) from November 07, 2019 until November 20, 2018.

Students have attended classes on different civil engineering subjects, learned about work of MGSU Expert and Diagnostic Centers, laboratories (like aerodynamic and aeroacoustics tests of building constructions), and many more. Important part of the internship were residential construction site visits and the unique buildings and structures visits. Students also learned about innovative methods of construction materials, e.g., self-healing asphalt materials for road construction.

4. International Internship of RUAS M. Des. Students (FAD, Dep. Of Industrial Design) at St. Petersburg State University of Industrial Technologies and Design, Russia in October 2018

RUAS Second Year M.Des students of Faculty of Art&Design, Department of Industrial Design, went to St. Petersburg, Russia, to undergo their international internship "Design (Interior Design, Furniture and Equipment)" from 15.10.2018 to 28.10.2018 at Saint Petersburg State University of Industrial Technologies And Design (SPbSUITD). Students practiced more in Composition from the tradition prominent to SPbSUITD. Being located in the heart of art and cultural capital of Russia, they got more insight into the history of art, learned about modern aspects of interior design, and they have also attended classes on doing business in their creative field where they have received a guided hands-on training on real-time scenarios to design and think from the client point of view.

13. Press and Publicity

As a responsible institution of higher learning we are constantly endeavoring to keep all the stakeholders continuously up-to-date with the happenings at the University. These communications take the form of a constantly updated University Website, Advertisements in the local and national media, in popular Newspapers and Magazines, University's Publications including Newsletters and Technical Journals. Events of significance are also communicated to the Press and Media. The University also participates actively in national and international forums.

Special Equipment include

- Scanning Electron Microscope
- Tunnelling Microscope
- 3D Printers (ABS and Metal)
- ABB Robot
- Jet Engine Test Facility
- Aircrafts (2)
- Laser Trackers and CMMs for Reverse Engineering
- Universal Testing Machine with Insitu-Scanner and Camera Facility

- High Performance Thin Layer Chromatography (HPTLC)
- High Performance Liquid Chromatography (HPLC)
- Fourier Transform Infrared Spectrophotometer (FTIR)
- U V –Visible Spectrophotometer
- Pilot Model Pharma Products Manufacturing
- Cone Beam Computed Tomography (CBCT)
- 1800°C Furnace
- Aircraft grade Composites Manufacturing Facility
- Clean Room (10000 grade)
- Wind Tunnels-Subsonic and Supersonic
- CNC-Turning Centre, Machining Centre and Wirecut EDM

Annexure – 12 Details of Patents

Details of Patents Filed during 1 April 2018 to 31 March 2019

Details of Patents Filed during 1 April 2018 to 31 March 2019

Sl. No.	Patent No.	Title of the Invention	Inventors	Facult y	Date of Filing
1	20184104876 1	Method, System and Apparatus to Extend Discharge Time of Battery Using Two-Chopper Circuit	Suchitra V. Manickavasagam K. Naveen Kumar T. Vineetha P. Indira M. S.	FET	22 December 2018
2	20184104919	Compact Pomegranate Aril Remover	Risheesh Kumar A. Arun R. Rao	FET	26 December 2018
3	20184104919	Method, System and Apparatus for Phase Shift Correction in Direct Digital Synthesis-Phase Locked Loop Govind R. Kadambi Dipayan Mazumdar		FET	26 December 2018
4	20184104919 5	Mini Sugarcane Harvester Mahendra Babu Manjunath M. Ullegaddi		FET	26 December 2018
5	20184104919 6	Universal Demodulator Employing Probabilistic Neural Network	Hariprasad Ugra Mohan Roy	FET	22 December 2018
6	20184104919	Method, System and Apparatus for In-line Pipe Inspection	Thejas S. Nithin Venkataram	FET	26 December 2018
7	20184105003 9	A Method and Device for Composite Filament Winding	Rahul, M. Cadambi Arun R. Rao Nagarjun, M. A. Pavan Kumar N. Sunilpete M. A. Thejas S. Anurag B. Hebballi	FET	31 December 2018
8	20184104876 0	A Non-electric Water Purifying Filter	Sourabh P. N. Suraj Kumar A. Bolisettty Soumya Durga	FAD	22 December 2018
9	20184105004 0	Airborne Floating Device for Commercial Applications	Rajat Saini Lohit H. S. Bala Vignesh	FAD	31 December 2018
10	20184104875 6	A Flexible Mirror with Dual Suction Tube	Rajatha V. Shetty Sherin Geevarghese Rhea S. Mathew Shruthi N. Sylvia Mathew Stuti Kedia Eva Shukla	FDS	22 December 2018
11	20184104875	Dentures with Chrysalis Fibres	Suma S. Shrestha Kumar Singhania	FDS	22 December 2018
12	20184104875 9	An Analgesic Coated Surgical Suture	Mahantesha S. Ashwini S. Manjusha M. V. Ganesh Ramya Saxena Shivani Deveswaran R.	FDS	22 December 2018

Details of Patents

13	20184104919	Method and Composition to Improve Antibacterial Activity and Surface Micro- Hardness of Root Canal	Sneha N. Pushpalatha C. Deveswaran R.	FDS	26 December 2018
14	20184104919	Oral X-ray Film Holder for Easy Determination of Working Length in Endodontics	Pavan Kumar T. Sujatha S. Rakesh N.	FDS	26 December 2018
15	20184105003 5	Intraoral Liquid Bandage for Sustained Drug Delivery	Pushpalatha C. Deveswaran R. Kavitha Komandur	FDS	31 December 2018
16	20184104875	An in-Situ Gel for Corneal Wound Healing	Pooja P. Karadi Deveswaran R.	FPH	22 December 2018
17	20184104875 7	A Nano Calcium based in- Situ Gel for Wound Healing and Burns	Sirisha V. V. N. R. Sindhu Abraham Mohammed Azamthulla	FPH	22 December 2018
18	20184104919	Nano Drug Mediated Ocular Inserts for Eye Disorders	Hithesh B. Bharath S. Anbu J.	FPH	26 December 2018
19	20184104986 6	A Method and Composition for an Anti-Blemish Cream	Devanand Kamnoore Komala M. Radhika M. N. Ramya L. Sathiya R. Tanmoy Ghosh	FPH	31 December 2018
20	20184104989 4	A Method and Composition of a Pharmaceutical Excipient Using Calcium Carbonate	Priya Chandana Enjam Kalashanti R. Pyngrope Khandelwal Mukul Kishorkumar Sudarsanam Guru Gowtham Sri Harsha Shwetha K.	FPH	31 December 2018
21	20194100626 4	Intelligent Dustbin	Sandhya Anil Kumar Magesh V.	FHMC T	18 February 2019

Details of Patents Awarded during 1 April 2018 to 31 March 2019

Sl. No.	Patent No.	Country	Title of the Invention	Inventors	Facult y	Awarded Date
1	EP 2,661,816 B1	European	Adhoc Network	Govind R. Kadambi Rinki Sharma P. Shiva Kumar	FET	29 August 2018
