OVERCOMING DISRUPTION

Transforming the
AIDS response

WORLD AIDS DAY 2025 , 1 DECEMBER 2025

OVERCOMING DISRUPTION, TRANSFORMING THE AIDS RESPONSE.

On 1 December, we mark World AIDS Day 2025 under the theme “Overcoming disruption, transforming the AIDS response,” urging sustained political leadership, global cooperation, and human-rights-based action to end AIDS by 2030.

Yet hope remains in the resilience, determination, and innovation of those committed to ending AIDS.

Let us raise awareness and work together to eliminate the stigma.

Funding cuts **disrupted HIV services** for millions, and risk delaying progress towards the global HIV targets.

We cordially invite one and all for the guest lecture on,

**“Clinical Excellence In HIV Post Exposure Care – What Every
Healthcare Worker Must Know ”-**

By DR BEENA

HEAD OF DEPARTMENT

DEPARTMENT OF MICROBIOLOGY, RAMAIAH MEDICAL COLLEGE
