

TECHNICAL TALK ON "USAGE OF SUSTAINABLE NON-WOVEN MATERIAL FOR RESEARCH AND EFFECTIVE PUBLISHING STRATEGIES FOR ACADEMIC SUCCESS"

SPEAKER:

Dr. Seshadri Ramkumar (Ph.D)

Professor

**Texas Tech University,
Lubbock, TX, USA.**

Dr. Seshadri Ramkumar is currently a Professor of Technical Textiles at Texas Tech University. His research focuses on developing value-added materials using nonwovens and nano technologies. He directs the Nonwoven and Advanced Materials Laboratory at Texas Tech University. He currently holds three US patents. He serves on the editorial boards of many international journals including AATCC Journal of Research and AATCC Review.

Date : 11 July 2025 (Friday)

Time : 2 pm

Venue : A206, Seminar room, RTC, Peenya

Programme Coordinators :

Dr. T. Niranjana Prabhu and Dr. Mamatha Hegde

Abstract:

This technical talk explores the potential of sustainable non-woven materials in advancing research applications, highlighting their environmental and functional benefits. It also offers practical insights into effective publishing strategies, equipping researchers with tools for successful academic dissemination.
