ABOUT THE CONFERENCE

The International Conference on **"Innovations in Food Science, Technology & Nutrition for Sustainable Food Systems"** unites researchers, industry professionals, policymakers, and students to advance innovations in food processing, functional foods, biotechnology, food safety, smart packaging, waste valorisation, alternative proteins, and artificial intelligence. Promoting interdisciplinary & academia–industry collaboration, it aims to translate research into practical solutions for safe, nutritious, sustainable, and resilient food systems.

ABOUT THE UNIVERSITY

M.S. Ramaiah Institutions were founded in Bengaluru by the industrialist and philanthropist Dr. M.S. Ramaiah, beginning with the **Gokula Education Foundation** and the Ramaiah Institute of Technology in 1962. Established in 2013, **Ramaiah University of Applied Sciences** is a multidisciplinary institution committed to excellence in education, applied research, innovation, and industry-oriented learning. It integrates scientific knowledge with practical application to address emerging challenges across health sciences, engineering, technology, design, and life sciences.

ABOUT THE DEPARTMENT

Founded in 2018, the **Department of Food Technology** advances in education, research, and innovation in Food Science & Technology and Nutrition & Dietetics. Focusing on food processing, dietetics, food safety, functional foods, sustainability, and emerging technologies, the department promotes laboratory-based learning, interdisciplinary research, industry collaboration, & innovative solutions addressing the evolving needs of the food industry & society.

ABOUT AFST(I)

The **Association of Food Scientists and Technologists India, Bangalore Chapter** is a leading regional arm of the country's foremost professional body in food science, uniting over 350 scientists, academicians, industry leaders, entrepreneurs, and regulators. Through seminars, workshops, conferences, and training programmes on food safety, quality, nutrition, processing, and sustainability, it fosters knowledge exchange and industry–academia collaboration. The Chapter also mentors young talent and supports startups, contributing to a safe, nutritious, and sustainable food future.
