

Write up on Barrier Free Environment

The M.S. Ramaiah University of Applied Sciences (henceforth MSRUAS) is comprised of faculties spread across the Peenya Campus and the Gnanagangothri Campus in Bengaluru. The university is committed to provide barrier-free and safe environment to accommodate individuals with varying abilities and background. The differently abled-friendly environment within the two campuses supports the independent functioning of individuals so that they can participate without assistance in everyday activities within the campus. According to the Persons with Disabilities Act 2016, discrimination against any person based on his/her being differently-abled is strictly prohibited.

MSRUAS intends to provide comprehensive and inclusive Teaching and Learning environment to all students and employees. Accordingly, the University has ensured the presence of following differently abled-friendly structures and facilities as part of the barrier-free environment in all buildings within the two campuses:

- 1) All buildings have ramps at the entrances for easy access
- 2) All buildings have elevators and Divyangjan-friendly washrooms
- 3) All buildings have mechanized wheelchair assistance with attenders on call for help, when required
- 4) General information desks at all buildings are equipped to impart information to persons who are visually-challenged, or hearing-impaired, or both in the most appropriate languages and modes of communication
- 5) All buildings have necessary signage boards (tactile signposts, Braille labels and auditory cues) for dissemination of information
- 6) All the Academic Buildings, Offices, Hostels, Library, etc. are constructed complying the PWD/CPED norms
- 7) The campuses have transport facilities for ease of mobility of differently abled visitors, students, and staff within the campuses

Registrar

M.S. Ramaiah University of Applied Sciences
Bangalore - 560 054

The University also aims to provide an inclusive environment to meet the needs of and enhance the learning experience of all students. Consistent with this aim, the University has established the following measures at the learning centres:

- 1) All classroom/library desktops have screen-reading software installed on them
- 2) The University provides scribe facility to differently abled students during examination
- 3) The curriculum and examination system have been suitably modified to meet the needs of differently abled students, eg. extra time for completion of examination paper, exemption from second/third language courses as applicable

In conclusion, the MSRUAS is committed to creating and sustaining a barrier-free environment that maximises the academic and social development of differently abled students, consistent with its goal of full inclusion. The dedication to accessibility ensures that MSRUAS remains an institution where all individuals, regardless of their abilities and background, can thrive academically and personally.
