Executive Summary

The concept of 'Excellence' is well established and the term is used frequently to 'Outstanding Performance' satisfying stakeholders' involvement. In higher education, Excellence is linked to perception of student experience, teaching, learning and service to society in alignment with Vision and Mission of the University. In view of this, RUAS aspires to become a premier Institution by achieving Excellence. Thus, there is a need to analyze excellence through the lens of different key stakeholders, namely Students, Parents, Employers, Alumni, Society. Therefore, MSRUAS has formulated the following 10 Goals to achieve excellence in the next five years (2018 to 2023):

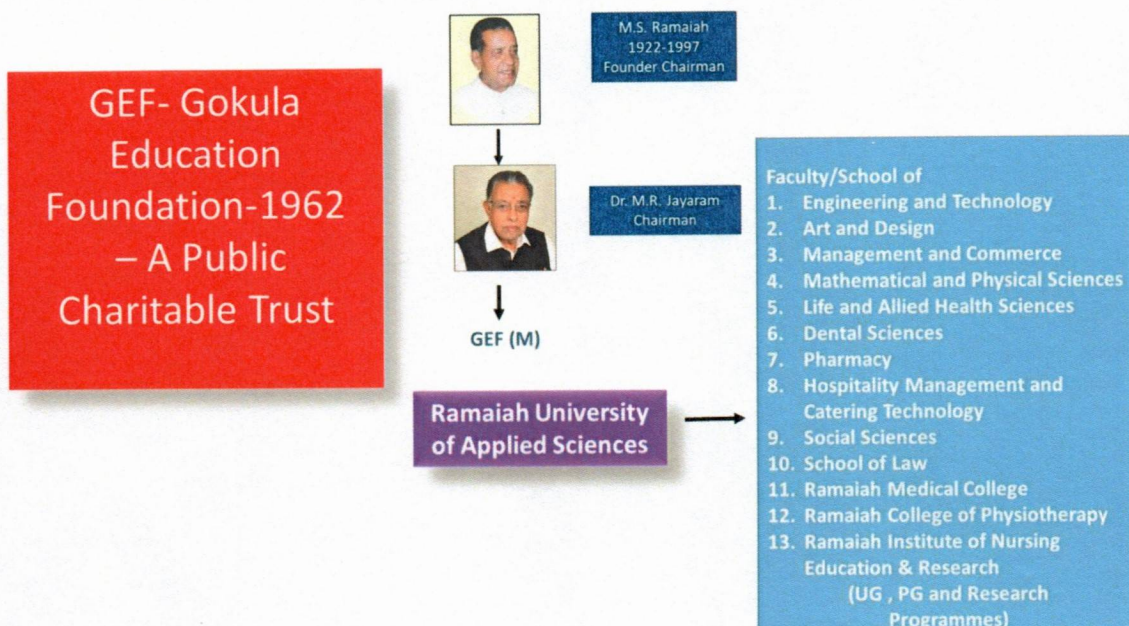

- Goal 1: NIRF Ranking and Accreditation Process
- Goal 2: Achieving Academic Excellence and Implementation of NEP
- Goal 3: Increasing Research Outputs
- Goal 4: Deeper Linkages with Industries and Corporates
- Goal 5: Interaction with other Faculties/Schools of Ramaiah Group of Institutions
- Goal 6: Attracting Quality Students for Admissions
- Goal 7: Placement, Alumni, Extension and Outreach Activity
- Goal 8: International Collaborations and Partnerships with reputed Institutions
- Goal 9: Increasing Patient Footfalls at Dental Hospital
- Goal 10: Policy and Support from the Leadership Group

This Strategic Vision Document [2018-23] report Strategies to be adopted to achieve the above- mentioned Goals. After formulating Strategies, the Implementation Plan with Outcomes are also mapped to assess the progress of RUAS in the process of achieving Excellence. The Leadership Group has entrusted all Deans and HoDs for implementation of the same. Moreover, the Leadership Group has adopted bottom-up approach to prepare this report by involving Faculty Members, HoDs, Deans and Directors. The five-year plan focuses on all-round development of Students and Faculty Members emphasizing on Inter-Disciplinary Research, Blended Learning, Service to Society, Industry Connect and International Engagements for better Employability and Entrepreneurship Skills. The RUAS Community aspires to achieve excellence with cooperation from all the Stakeholders and Sponsoring Body. Hence, the Strategic Vision Document shall be deemed as a critical road map document for the progress of University and the RUAS community shall adhere in letter as well as spirit.

Implementation Plan (Qualitative)

ONE Year

- Work with Industries, Policy Makers and Research Organizations to assimilate Market Demand
- Attract Students and Industry Personnel on niche and specialized programmes
- ERP and EHS Implementation of Academic Processes
- Value Added Courses for all-round development (language and communication)

THREE Years

- Feedback analysis and reward /corrective measures on Academic matters
- Extensive use of technology in Teaching & Learning, Removing Language Barriers, Educational Planning & Management
- Offer Simulation Based Learning across all the Courses

FIVE Years

- Respect for diversity and local context in all curriculum, pedagogy and policy keeping in mind education as a concurrent subject
- Providing autonomy to the Faculty Members for designing curriculum and pedagogical approaches within the approved framework

Implementation Plan (Qualitative)

ONE Year

- Enhance Research Culture and Innovation Ecosystem
- Facilitate Interdisciplinary Research and Capacity Building with emphasis on Impact of research outcomes
- High Coordination with Leadership, Governance and Infrastructure
- Quarterly monitoring of research progress at Department level and to notify the lack of progress, if any
- Encourage faculty members guiding PG students to improve the quality and novelty of the dissertation resulting in indexed publication

THREE Years

- Create Niche Centers of Research Excellence and Consolidate Thematic Areas
- Promote Research and Align Investments in Thrust Areas
- Appointment of IPR Coordinator

FIVE Years

- Promote Collaborations through Internal Processes and Policies
- Establish with International Partners for Collaborative Research, Joint Ph.D. Supervision & Publications, Faculty & Student Exchange, Joint Events etc.
- Networking with Scientists, Industry Personnel, Policy Makers within and outside India

 Registrar

Summary

The points put across in the Strategic Vision Document [2018-23] strongly demonstrate the wide capacity and stronger sustainable outputs of RUAS in the coming years. The domains of teaching, research, and service are equally contributed to different specialties of the University. Overall, the focus of the Vision Document is to attract competent Faculty Members and Students by strengthening the lab infrastructure and building the state of art facilities in parallel. Broadly at each Faculty/School level, offering Choice-Based Credits, Flexible Entry-Exit System for Students, Industry Immersion & Engagement, Strengthening Research Ecosystem & Outputs through Collaborations shall be focused. Therefore, implementation of the reported Strategies along with Action Plan and Outcomes in the next five years shall certainly provide equitable and vibrant knowledge as a road map by providing high quality education to all.
