BRINGING QUALITY ORAL
HEALTHCARE CLOSER TO EVERY
COMMUNITY

The Department of Public Health Dentistry is dedicated to the promotion, prevention, and improvement of oral health at both individual and community levels. Through comprehensive dental care, outreach programs, mobile dental services, and rural satellite centers, the department provides accessible, patient-centered, and evidence-based oral healthcare while fostering oral health awareness, disease prevention, and community well-being.

Clinical Services

Comprehensive Oral Healthcare Services, we provide a full range of preventive, diagnostic, and treatment services.

Mobile Clinic Services

Preventive care, including pit & fissure sealants, fluoride application, oral health education, and screenings

Regular dental treatment camps providing preventive and curative services in the community

Rural Dental Services

Rural Satellite Centre equipped to provide a wide range of dental care services
