LIVE EXPERIENCE

RUAS - BBC CURE SYMPOSIUM 2025

MOLECULAR BASIS OF HUMAN HEALTH AND DISEASE: EMERGING PERSPECTIVE

● Dec, 19th 2025 | 2:30 - 5:00 PM

Venue: MDP Hall, FLAHS Building,
M.S. Ramaiah University of Applied
Sciences, GG Campus,
Bengaluru -560054.

Dr. Bratati Kahali

Invited Speaker

Associate Professor,
Centre for Brain Research
(CBR), IISc – Bengaluru

About the Symposium

This symposium brings together researchers, academicians, clinicians, and industry professionals to discuss advances in molecular and cellular mechanisms of human health and disease, with a focus on translational research, emerging technologies, and therapeutic innovations. It will also feature the conferment of the **M. R. Raju Legacy Award** by Papineni Labs for outstanding contributions to biomedical research.

Dr. Ravi V

Keynote Address

Head – R&D, Tata Medical
and Diagnostics.
Former Registrar & Dean
(Basic Sciences),
NIMHANS.

Organized by

Department of Biotechnology, FLAHS,
Ramaiah University of Applied Sciences (RUAS),
In association with Papineni Labs
