Department of Conservative Dentistry and Endodontics

Faculty of Dental Sciences
Ramaiah University of Applied Sciences

YOUR ORAL HEALTH

OUR PRIORITY

We specialize in the diagnosis, prevention, and management of diseases affecting the dental hard tissues and pulp. The department is dedicated to preserving the natural dentition through advanced restorative, esthetic, and endodontic procedures. Areas of expertise include tooth-colored restorations, smile enhancement procedures, vital pulp therapy, single-visit and rotary endodontics, retreatment, post-endodontic rehabilitation, management of traumatic dental injuries, and regenerative and micro-endodontics. The department emphasizes evidence-based clinical practice, modern technology, and patient-centered care while fostering excellence in undergraduate and postgraduate education and research.
